

AMP MONO-SHAPE PCB (Printed Circuit Board) Connector

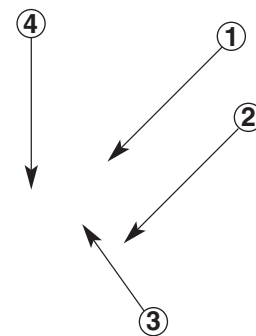

PCB Connector

- 1 PC Board
- 2 First Circuit Path
- 3 MONO-SHAPE Connector
- 4 Wire

Notes Concerning the PC Board Layout

- 1 First circuit path
- 2 Slot for keying rib in front of first cavity (according to the connector 4.0 mm or 7.4 mm)
- 3 Bore hole for locking clip symmetric between two cavities (diameter 2.5 mm)
- 4 Slot for keying rib symmetric between two cavities

PC Board Layout Dimensions on request.
